

Dear Sirs,

We are pleased to invite you to exhibit at the 23rd CITY International Construction Expo!

Accelerated development of the Far East of Russia is a national priority of the Russian Federation in the 21st century.

The Far East of Russia have received significant preferences. Unprecedented supportive measures have been created in the region – such as Free port of Vladivostok, “Nadezhdinskaya” and “Mikhailovskiy” territories of advanced economic growth in Primorsky territory. Multimodal transport-logistic and agro industrial complexes are to be created in the territories of advanced economic growth.

More than one million sq.m of living space is to be built annually within the state program of affordable and comfortable housing provision.

6 000 land parcels are given to the families for low-rise construction.

These tremendous volumes of forthcoming construction works provided high demand for modern, energy-efficient materials, structures, technologies, equipment, special machinery, alternative energy sources and etc.

CITY International Construction Expo is the major event of the beginning of construction season!

During the 23 years of its existence the CITY International Construction Expo has deserved a reputation as an effective business-platform for strengthening positions on the market, establishment new business contacts and increasing sales!
