Profile of ОАО "BelZAN"

Dear colleagues!

"Belebeevskiy plant "Avtonormal" is a leading company in Russia for production of fasteners and standard components for automotive and other industries.

Production capacities of OJSC "BelZAN" have possibility to produce a variety of fastening products made under GOST, OST, DIN, European standards and other special products according to customer drawings, with different property class and the following main groups:

- bolts, screws, studs, ball studs, axles of different designs, from M3 to M22 and length from 8 to 350 mm;

- nuts - hexagon, welded, flange, self-locking, cap and castle from M4 to M27;

- washers and rings – flat, spring, toothed and so on;

- springs – compression, extension, torsion, spring elements out of band, splint pins and so on, wire diameter from 0,2 to 6,0 mm, produced at our subsidiary CJSC "Belspring".

Parts manufactured by OJSC "BelZAN" are used in almost all units of trucks and cars: interior, engine, suspension, cooling system, lighting, brakes, steering, etc.

Our customers are such automobile assembly plants as OJSC "AVTOVAZ", OJSC "KAMAZ", OJSC "UAZ", GAZ Group, OJSC "UMZ", OJSC "ZMZ", FEDERAL MOGUL and others.

The company has:

- its own design-engineering service which is a certified developer of fasteners and springs designs;

- its own tool production, providing development and manufacturing of tools for parts production as well as their control and measuring means;

- pilot production – manufacturing of prototypes and trial batches;

- laboratories – for tests and quality control of produced parts.

In our production we use metal both from Russian and foreign suppliers: carbon, alloyed, titanium, heat-resistant and non-ferrous metals.

Parts undergo additional corrosion protection by applying protective coating which provides corrosion resistance of over 720 hours in salt spray chamber.

Quality management system meets the requirements of ISO TS 16949 and is certified by French firm UTAC.

OJSC "BelZAN" will appreciate your assistance in search of potential customers for our products on your territory.

For all questions of cooperation, please contact Marketing and Sales Director – Konstantin Fedorov, phone: (34786) 6 16 71, fax: (34786) 6 10 65, e-mail: [marketing@belzan.ru](mailto:marketing@belzan.ru).
