And we are expanding the geography of deliveries

3000 m² of production area capacities.

The equipment is manufactured at the production sites in the Urals and central Russia.

We only use Russian materials in production.

All the equipment is safe and has passed voluntary certification. Warranty on metalwork is 5 years, on parts is 2 years

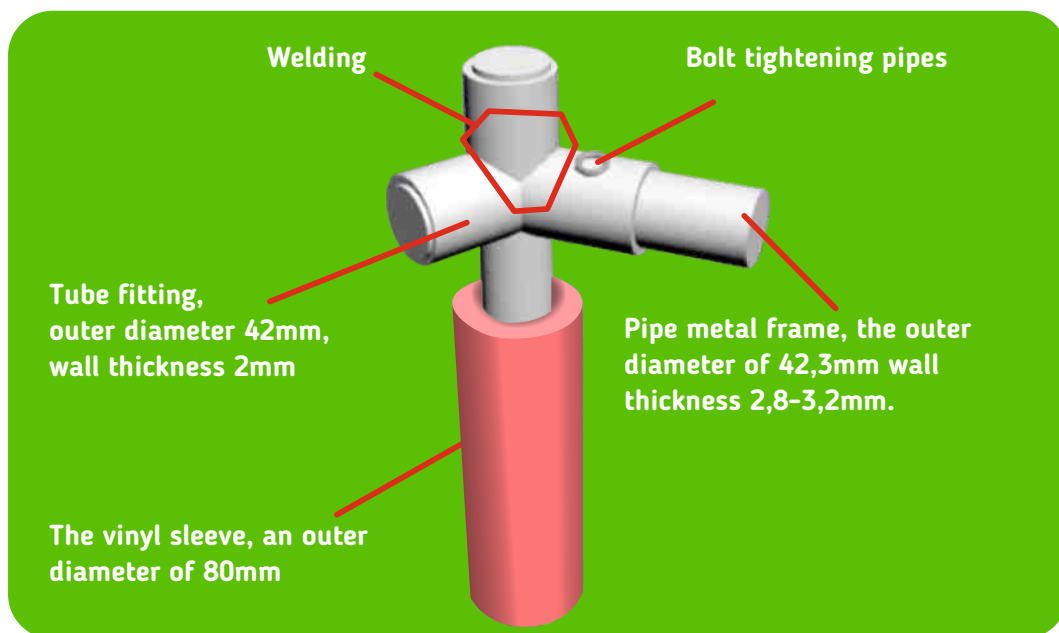

Internal filling of playgrounds and soft modules are manufactured in our sewing department.

Construction possibilities

- **The structure** is created from steel pipes with a diameter of 42mm and a wall thickness of 2,8mm.
- **Welded fittings** provide durability and reduce maintenance costs.
- **Vinyl Sleeves** are easily mounted on top of any design, have an extensive palette of colors.
- **Installation** without attachment to the floor.
- **Create** any themed playground for any size required.
- **Load** the game is a maze 180 kg. 1 m².
