

Dear Sir or Madam

LD GROUP pays respect to your esteemed company and would like to invite you for cooperation.

Founded in 2002 in the city of Chelyabinsk, LD is a leading Russian manufacturer of **steel ball valves for oil & gas, chemical industry, district heating and district cooling.**

With 800 employees, the factory produces about a million items per year and distributes its products not only on domestic market, but also in CIS and European countries like Kazakhstan, Belarus, Ukraine, Estonia, Latvia, Lithuania, Bulgaria, Romania, Moldavia and Finland. Due to heavy devaluation of Russian currency for the last two years we can offer you unbeatable prices and European quality confirmed by **CE certificate and Inspection Certificate EN 10204-3.1.**

District heating companies and GAS distribution networks like Gazprom, Fortum, Mosenergo, Rosneft, Surgutneftegaz and MOEK are our loyal customers since 2010.

Today, LD Group can offer you a wide range of products:

- Innovative zinc plated LD Swift ball valve - excellent alternative to butterfly valve
- Fully welded LD ball valve for water and gas made of carbon, alloyed or stainless steel - excellent alternative to gate valve
- LD Pride brass ball valve

For more information please visit us on www.chsgs.ru and download our catalogue in English <http://en.chsgs.ru/customs/>.

Hope, your company will find a reliable supplier of high quality steel ball valves in our person.

.....
A.P. Nevsky
Director of LD Group

Tightness A rate
