Authentic Russian Kettlebells

CHAMPIONS KETTLEBELLS

Champions Kettlebells are used for professional workouts and for competition preparation of kettlebell lifting champions. A wide range of weights allows for the perfect organization of the workout process and accurate planning of exercises to reach the best results. The complete selection of Champions Kettlebells includes weights from 6 kg to 40 kg in increments of 2 kg. Every weight has its own color.

Champions Kettlebells are perfect for professional workouts; they help athletes develop and hone their skills to improve results. The Ural Kettlebells are also used in world championships. The most recent world records in kettlebell lifting were set using our products. Kettlebell lifting champions from all parts of the world recognize our kettlebells to be the best of their kind.

URAL KETTLEBELLS

Ural Kettlebells are perfect for home and commercial gym use. The shape of the ball and the handle of these kettlebells closely resemble the Competition Kettlebells' design. The weight precision requirements of the Ural Kettlebells are more exact than for Amateur Kettlebells. Ural Kettlebells are semi-professional kettlebells used in preparation for kettlebell lifting competitions, in kettlebell fitness, CrossFit, and kettlebell power juggling. Black colour.

Why Champion & Ural Kettlebells better:

- they are used at major International and World Championships in Kettlebell lifting;
- they have excellent weight balance, high located gravity center (very close to the handle);
- they have convenient handle safe against injuries;
- high requirements for weight precision;
- high-quality of the kettlebell surface coating;
- high-quality treatment of the kettlebell handle
