

Pine Nut Kernel, 300 / 500 / 1000 / 5000 g

Raw / Vegan

100%
Organic

300 / 500 / 1000 / 5000 g

Nuts are gathered under the supervision of the eco factory and then sent to the production facility, where they go through 12 stages of cleaning.

A tiny pine nut contains a wealth of beneficial macro- and micronutrients, vitamins, proteins, carbohydrates, and fats. High-quality oil accounts for 56% of the kernel. Easily digested proteins account for 16%.

Culinary possibilities are endless!

850–900 pine nut kernels per 100 g

Where to use

- Confectionary industry (snacks, pastes, sweets, etc)
- HORECA
- Candy shops
- Bakery industry
- Catering

Target audience

- Company owners
- Managers
- Chefs
- Managers of cafés and restaurants

Purchase occasion

- Introducing new dishes
- Replacing existing raw ingredients
- Offering a novelty as a standalone dish
