

Siberian pine

PRODUCT CATALOGUE

For those special moments

Siberian Pine Eco Factory

Siberian Pine Eco Factory has been producing its unique products since 1999 — its key ingredient is pine nuts, the real jewels of Siberia. All our products are made by hand using the finest fresh ingredients from the depths of the Siberian taiga.

Siberia has long been inhabited by hard-working, tenacious and wise people. These harsh but generous lands could only have been developed by true explorers with a strong spirit. Our forefathers covered thousands of miles across swamplands, thick taiga forests and high mountains in search of happiness. Fur, precious stones and metals, and an abundance of wild berries and pine nuts — Siberia shared all these gifts of nature with them.

This is the connection we still have deep inside us. You feel this connection every time you set off on a new journey seeking new experiences. In nature, in people, and inside yourself. When you return, you understand that geography and distances are not important. The key things are the experience, warm emotions and memories which create special moments in your life.

It is easy to be happy!

Every day we are looking for something new: we try things, explore, risk and get inspired. For some people, an adventure is a trip to another town, for others it's opening a new book, or discovering a new sweet flavour. Sometimes even the simplest things become truly important and precious.

For those special moments

We all have moments that we never tire of talking about. Climbing the Himalayas, going to the movies with friends, exploring new places on the map, or discovering a new sweet flavour. Sometimes even the simplest things become truly important and precious over the years.

RASPBERRY

- Fully preserved taste, goodness, and colour
- No preservatives or artificial colouring
- Stored without refrigeration
- Long shelf life
- Grown and produced in Siberia

*Siberian wilderness teaches us to
rely on our loved ones and learn
from their experience and wisdom.*

Pine Nuts

6 mo. in Shells

We pick pine nuts thousands of kilometres away from industrial sites, in the pine forests of Western and Eastern Siberia, using the most environmentally friendly pine cone picking methods. Pine nuts in shells retain their health benefits longer and the vacuum packaging extends the product's storage life.

Cone

A gift-wrapped vacuum-packaged cone.

6 mo. Pine Nut Kernel

Nuts are shelled and packed in vacuum bags for safe storage in accordance with international and national standards to retain all health properties.

6 mo. Pine Nut Kernels in User-Friendly Packaging

Convenient packaging in various sizes makes it a great snack or an ingredient in your culinary experiments.

6 мес. Pressed Pine Nut

Pressed pine nut is produced using the cold pressing method that preserves all the benefits of the raw ingredients. This product is great for people seeking healthy snack options: it satiates while containing less sucrose, fat and calories than whole pine nuts.

6 мес. Nuts, berries

Cranberry is a unique source of vitamins that has antimicrobial properties and strengthens the immune system.

The berries are dried at a temperature of no more than 55°C, which helps retain all the beneficial nutrients.

Honey

Vegan 100% Organic Natural forest products

WITH PINE NUTS
Altai floral honey complemented with whole pine nuts: goodness multiplied by taste!

WITH WHOLE PINE NUTS
Altai floral honey is a delicious dessert for lovers of healthy sweets.

POLYFLORAL HONEY
The great variety of honey plants in Altai give honey 300 to 400 active compounds. The ingredients and even the colour of the honey change depending on the location of the bee hive; however, it is always light, floral, and with a long after taste.

WITH NUTS AND DRIED FRUIT
When nuts and dried fruit are added to the floral Altai honey, it makes a delicious natural substitute for vitamin supplements.

WITH COWBERRY JUICE
A good combination of bee and taiga products, used to strengthen the body and promote weight loss; it can also be used for cooking and beauty procedures.

WITH CHOKEBERRY JUICE
Chokeberry and honey form a healing duet of two champions in terms of vitamin content.

WITH BUCKTHORN JUICE
Another immunity boosting tandem of taiga berry and Altai floral honey. It is not only healing—its delicious recipe provides preventive therapy for the whole body during winter.
