

# ZAO “Mercury”

*Altai Region, Russia*

# About us

“Mercury” company (Altai Region, Russia) specializes in production, processing and trade of various agricultural commodities.

We grow following grains and seeds on our own  
70 000 ha of fields:

grain crops (wheat, buckwheat, oat);

oilseeds (flaxseeds, rapeseeds, sunflower seeds).

## Export capacity per year

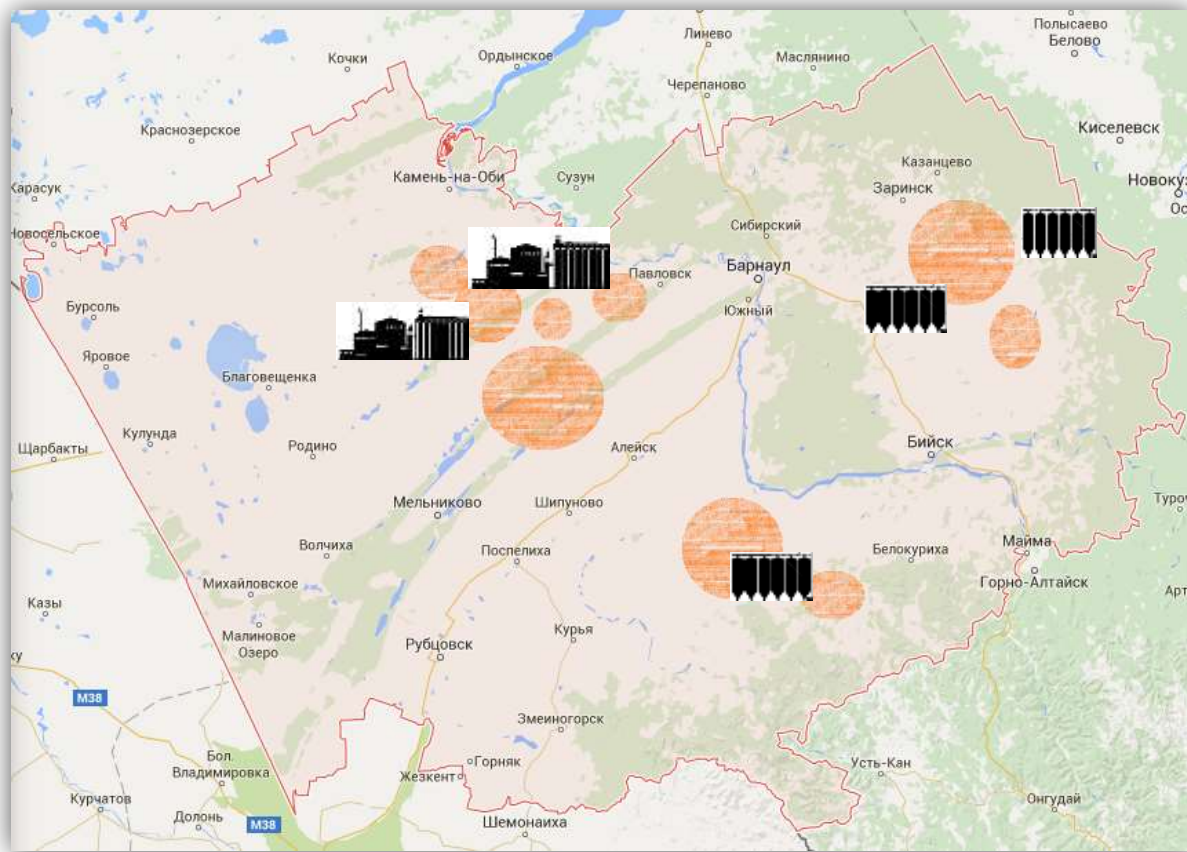

<b>Our products</b>	<b>Volume MTS/year</b>
Wheat	100 000
Oat	5 000
Buckwheat	20 000
Flaxseeds	40 000
Rapeseeds	40 000
Sunflower seeds	20 000
Seed oil	10 000

# Our grain storage facilities

5 grain storage facilities and grain receiving enterprises located in Altai Region territory allow to store grain and improve it's quality to export demands.

Availability of railway tracks on each of them guarantees high speed of loading and dispatch.

430 000 tons - total storage capacity.
