Assembly in less than 5 minutes!

Thanks to its « clic-clac » system, assembly is very simple and no tools are required. You can arrange any kind of space by multiplying and re-arranging the possibilities .

Clic-Clac system

**With BXL
the possibilities
are endless**

The unique BXL furniture connecting system enables you to effortlessly multiply and create different arrangements in just minutes.

The BXL Box provides six versions

The BXL Box provides everything you need to create your own Lounge area including different chairs, a table and various connectors.

Assembly in less than 5 minutes, your furniture provides large choice of possibilities for 3 to 10 people.

2 different configurations

Box.6 seating for 6 people
3 different configurations

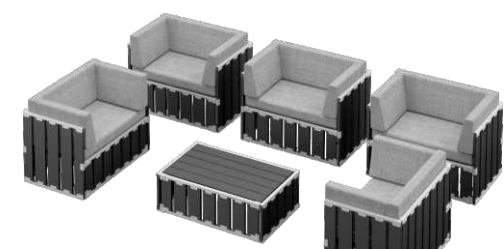

Box.4 seating for 4 people
5 different configurations

Box.8 seating for 8 people
6 different configurations

Box.5 seating for 5 people
6 different configurations

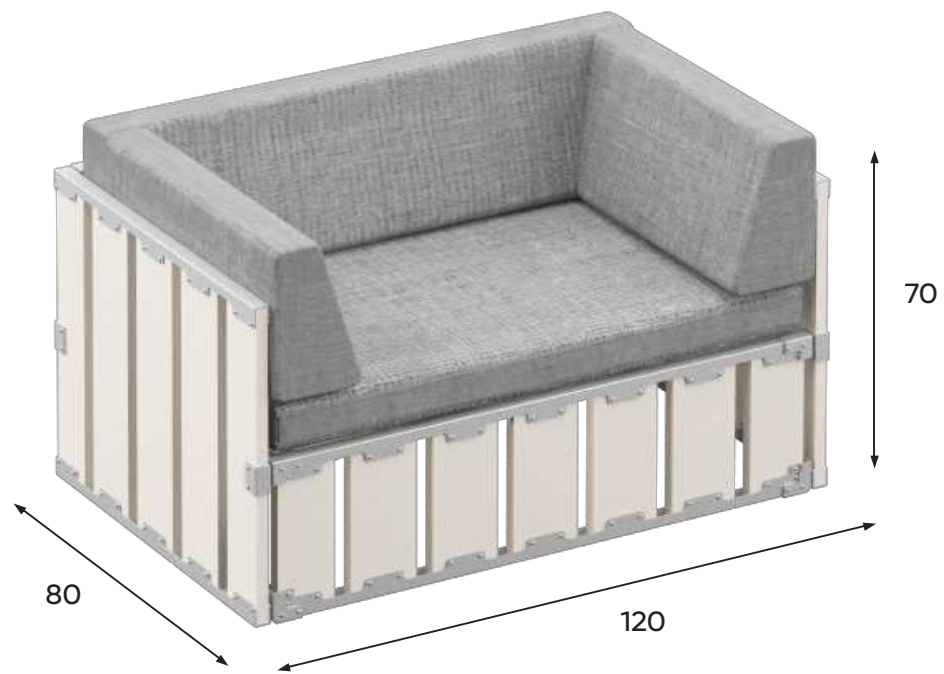

Box.10 seating for 10 people
6 different configurations

Seat S80 Small

Seat S120 Large

The BXL furniture is available in two sizes :

The small seat S80, 80x80 cm

The large seat S120, 80x120 cm

Principle of modularity

BXL also offers different elements such as tables in different heights and counters.

By conserving the principle of modularity and the connecting system, you can arrange your elements as you wish.

BXL accessories

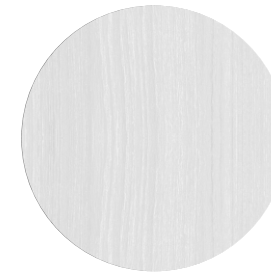

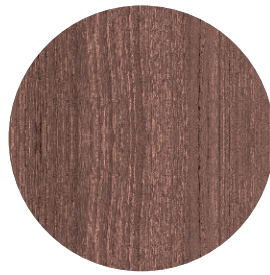

BXL provides many versatile opportunities to create stunning furniture layouts. Personalisation includes different accessories such as the table fire pit or the ice bucket.

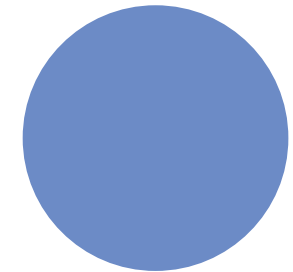

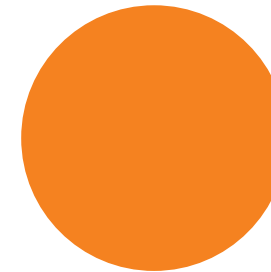

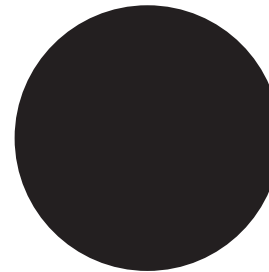

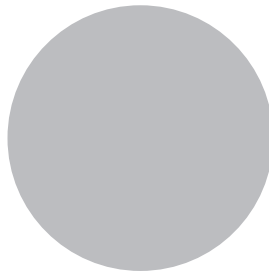

Colour choices for the panels and the fabrics

In addition to its practical and modular side, BXL offers different colours for the panels and the cushions. This gives you the possibility to give the furniture a unique and personal look whether at home or in the work place.

Customize your BXL furniture

Our furniture is made in our own workshop enabling us to offer our private and professional customers the possibility to customise and bespoke their furniture : (chairs, tables, counters, ...)

- engraving panels
- printing panels
- different colour panels
- customised laminates or panels
- printable cushions

Perfectly adapted for transport and storage

Thanks to its modular panels, the elements of the seats are used to make a compact box, enabling efficient packing of 5 seats and 1 table in less than 0.7m³ (80x70x120cm).

Once closed, the box is placed on a wheeled pallet for transport.
