# Honey «Private apiary»

– Faithfulness to traditions –

«the HONEY HOUSE» represents to 100% natural honey collected by traditional methods of hereditary beekeepers, whose knowledge and experience in production are saved up by several generations of labor dynasties. In a product line «Private apiary» we provide selected grades of honey and honey desserts.

The embroidery on the label of each jar conveys warmly manual work, tells about origin of honey and refers to traditions of Russian tea drinking - with sweets and long conversations at the table.

## **TAIGA HONEY**

---

250/500 g.

Taiga Honey is picked up with variety of herbs and plants growing in a taiga of Eastern Siberia, Transbaikalia and Far East.

It is distinguished in specific dark brown coloring and bright deep aroma.
