

BELSTROJ

BYGGSERVICE • PLATSGJUTNING • STOMKOMPLETTERING

Presentation 2017-11-23

Established in 2008

Today it is a multicorporate enterprise with offices in Stockholm, Uddevalla, Oslo, Tallinn, Gdansk and Dnepropetrovsk.

Stockholm is one of 5 the most fast-growing regions in Europe.

 **BELSTRO**
BYGGSERVICE • PLATSGJUTNING • STOMKOMPLETE

More than 600 employees

Handworkers, engineers and administration

Turn-over in 2017 is more than 500 Mkr

Our projects cover concrete works,
frame and frame supplementing works.

High personell costs require accurate planing and sufficient
management

Personell

Lack of qualified personell in building industry.

We have employees from 19 countries.

The average age is 37,12.

Construction – an inefficient branch

Low automatisisation capacity.

Low prearrangement capacity.

Requires capable and skilful personell.

Changing conditions and circumstances.

“Conveyor belt thinking” in construction

1. Analyze
2. Standardize
3. Rationalize

Our goals

Expand in Poland and Norway.

Launch business in Denmark, Finland and England.
